Issued Rail Security Directives setting security standards for all heavy and light rail operations, as well as Amtrak and the Alaska Railroad Corporation. These standards establish a formal baseline and standardize protective meas-ures for all passenger rail assets, including personnel and physical assets and critical facilities. Began implementing a more localized, airport-centric system, underpinned by 20 local hiring centers around the country that serve as the focal points for local hiring activities. This decentralization promises speedier hiring to meet the dy-namic needs of individual airports and greater screening workforce retention. The objectives of this next generation hiring system are to streamline the hiring process by providing direct, immediate hiring support to individual airports, putting screener hiring and training under...
