

Bringing Nature Home (Updated and expanded ed.)

Filesize: 8.34 MB

Reviews

Comprehensive guide for publication lovers. it absolutely was writtern really flawlessly and valuable. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for concerning if you ask me).

(Rowan Gerlach II)

BRINGING NATURE HOME (UPDATED AND EXPANDED ED.)

Timber Press. Paperback. Book Condition: new. BRAND NEW, Bringing Nature Home (Updated and expanded ed.), Douglas W. Tallamy, As development and subsequent habitat destruction accelerate, there are increasing pressures on wildlife populations. But there is an important and simple step toward reversing this alarming trend: Everyone with access to a patch of earth can make a significant contribution toward sustaining biodiversity. There is an unbreakable link between native plant species and native wildlife - native insects cannot, or will not, eat alien plants. When native plants disappear, the insects disappear, impoverishing the food source for birds and other animals. In many parts of the world, habitat destruction has been so extensive that local wildlife is in crisis and may be headed toward extinction. "Bringing Nature Home" has sparked a national conversation about the link between healthy local ecosystems and human well-being, and the new paperback edition - with an expanded resource section and updated photos - will help broaden the movement. By acting on Douglas Tallamy's practical recommendations, everyone can make a difference.
