EXPLOSION OF LOVE

Yogi Impressions Books Pvt. Ltd., Mumbai, India, 2015. Softcover. Book Condition: New. First Edition. The Ouroborus is a mythological symbol of a snake swallowing its own tail. In doing so it forms a circle that represents both the cycle and the dualities of birth and death. It thus becomes a symbol of eternal unity, showing us what we truly are not the mortal body but the immortal Consciousness. Filled with unexpected strokes of humour, this collection of short essays emerged from the authors interactions with a modern Sage and his teaching on Advaita, the Indian philosophy of non-duality. The teaching was a reaffirmation of Gautams life experiences that provided invaluable lessons on true forgiveness, hope, life and death, which is reflected in these pages. All of this comes together in one of the final essays on the 26/11 terror attack an important lesson for the turbulent world we live in today. At the core of these writings lies the universal message, conveyed with an enlightening perspective, of true love and forgiveness the two forces that ultimately provide the healing touch. Printed Pages: 204.
